FRONTEND DEVELOPER

Experienced Frontend Developer with over 3 years of expertise in crafting dynamic user interfaces. Proficient in Angular and React, with strong skills in JavaScript, TypeScript, HTML5, and CSS3. Demonstrated ability in developing responsive web applications and a proven track record of thriving in collaborative environments. Eager to contribute to innovative projects, I combine creativity with precision to deliver engaging user experiences.

SKILLS

Programming Languages: JavaScript, TypeScript, Python, C++, HTML5, CSS3, SASS/ SCSS
Frameworks: Angular, React
Responsive Design: Media queries, Flexbox, Grid layout
Version Control: Git, GitHub/GitLab
Build Tools: Webpack, Babel, npm/yarn
CSS Preprocessors: SASS, LESS
RESTful APIs: Fetch API, Axios, AJAX
Frontend Testing: Enzyme (for React), Jasmine/Karma (for Angular)
Web Performance Optimization: Lazy loading, Code splitting, Minification
Soft skills: Communication,Teamwork,Problem-solving,Time management, Attention to detail

WORK EXPERIENCE

Mida   **Sept 2023 - Present**
Frontend Developer

- Transformed design wireframes into responsive and interactive features, enhancing visual appeal using HTML, CSS, and JavaScript.
- Created intuitive interfaces for optimal user experiences across devices, contributing to increased user engagement.
- Addressed performance issues in client-side scripting and layout rendering, resulting in improved application responsiveness.
- Seamlessly collaborated with backend developers to integrate RESTful APIs, ensuring effective communication between frontend and backend systems.

DemoHub Global   **Mar 2023 - Oct 2023**
Frontend Engineer

- Assisted in troubleshooting and debugging frontend issues, working closely with the development team to ensure smooth project execution.
- Conducted thorough code reviews and provided constructive feedback to maintain code quality and adherence to best practices.

Seamfix   **Dec 2021 - Dec 2022**
Frontend Developer

- Collaborated with a team of developers, designers, and stakeholders to create visually appealing and user-friendly websites and applications.
- Maintained and optimized legacy applications, proposed technical feasibility solutions for new functional designs and suggested options for performance improvement of applications.
- Applied engineering processes, best practices and continuous improvement, aligned with Agile-Scrum methodology.
- Implemented responsive and interactive frontend components using HTML, CSS, and JavaScript, ensuring seamless user experiences across devices and browsers.

Seamfix   **Jun 2021 - Dec 2021**
Frontend Developer Intern

- Actively focused on learning HTML, CSS and JavaScript.
- Worked collaboratively with senior members to develop scalable software products.

EDUCATION

Adyghe State University, Russia   **2021**
BSc. Software Engineering
